WHY NOW?

- Staying ahead of technology is essential for today's learning environment to keep our district, and its students, competitive and prepared for their future
- Interest rates remain at historic lows, allowing \$158 million to be invested directly in our schools and in-classroom learning
- To best preserve and our community's investment in millions of square feet of space across 23 facilities that, on average, are 58 years old

WHAT IS THE COMMUNITY IMPACT?

- Provides school safety and security enhancements
- Reduces utility costs through environmentally smart upgrades
- More resources allocated toward in-classroom-learning versus emergency repairs
- An investment in our schools is an investment in our beautiful communities as a whole

WHAT WILL IT COST?

While the 2018 bond proposal reflects a 1.76 mill increase, the proposed 4.48 millage rate per household is 1.08 mills lower than the 5.56 millage rate in 2015. The District is dedicated to using its funds, and the contributions of taxpayers, wisely and effectively.

HOME MARKET VALUE	WHAT IS MY SHARE?
\$80,000	\$5.87 /month or \$70.40 /year
\$90,000	\$6.60 /month or \$79.20 /year
\$100,000	\$7.33 /month or \$88.00 /year
\$110,000	\$8.07 /month or \$96.80 /year
\$120,000	\$8.80 /month or \$105.60 /year

Costs may be lower for households with incomes below \$50,000/year that quality for the Homestead Property Tax Credit. More information can be found at michigan.gov.
