The Winter/Spring 2023 Community Education Brochure is a publication of the Wayne-Westland Community School District and is prepared by the Department of Community Education.

December 8, 2022

Greetings Members of the Wayne-Westland Innovative Academy Community!

We are so excited to be approaching the start of the second semester. The school year has gotten off to a wonderful start.

We would like to take a moment to thank all of our community partners for your continued support throughout the school year. We understand that our success is directly linked to the support that we are receiving from our community stakeholders.

As we encourage you to spread the word about our vast assortment of program offerings, we would like to remind everyone of the multiple opportunities for student success that are offered here at Wayne-Westland Innovative Academy.

At WWIA, students have multiple options for receiving their education. For students that prefer a more traditional classroom setting, we offer our face to face learning options. This allows students to attend classes on the daily basis in a traditional classroom setting where they benefit from smaller class sizes and direct instruction.

Some of our students may prefer to attend classes virtually. Therefore, we offer a 100% virtual program that will allow students to receive their instruction remotely in an asynchronous format.

Additionally, some of our students may prefer a combination of virtual and face to face instruction. To accommodate this particular learning style, we have The WAY Program. The WAY Program allows students to engage in a project based learning platform that requires a minimum of four hours a week of lab time.

At Wayne-Westland Innovative Academy, we take pride in supporting our students and staff members. We look forward to your continued support.

Educationally yours,

Mr. K. Rosser

Principal, Wayne-Westland Innovative Academy

### ESTATE PLANNING BASICS

Probate, health care and estate tax laws have recently changed! Find out how to prevent your assets from going through probate, how to protect them from estate and capital gains taxes, how to retain control of your affairs, and how to protect yourself against the costs of long term care. Learn about the new "Estate Recovery" law, whereby the state can seek repayment from a person's estate for benefits paid, and ways to prevent that from happening. Discover the dangers of using joint accounts and quit claim deeds as estate planning tools. Learn about medical and financial powers of attorney, wills and living trusts. The course is taught by attorneys from Estate Planning & Elder Law Services, P.C. Attendees will receive a **FREE Personal Affairs Organizer**.

### LONG TERM CARE PLANNING

Did you know that 50% of persons 65 years of age or older will spend some time in a nursing home, and that the average monthly cost of nursing home care in Michigan is \$6,191.00? Since neither health insurance nor Medicare pay for such care, it is no wonder that people fear losing their life savings to long term care costs. This course covers options to help pay for such care costs, the significant changes made to the Medicare rules in 2007, as well as the new "Estate Recovery" law, whereby the state can seek repayment from a person's estate for benefits paid, and ways to prevent that from happening. The course is taught by attorneys from Estate Planning Services, P.C., who are members of the Elder Law Section of the State Bar of Michigan and National Academy of Elder Law Attorneys.

## Literary Arts

### INTRODUCTION TO MARKETING YOUR WORK LOCALLY

As a writer you have either published your words professionally or want to begin the journey of writing where your words reach a wider audience. Not every piece will be published for a paycheck, but for prestige and the opportunity to share your work. For example, you are a talented writer and your church, philatelic club, military association, or historical society would like you to write a series of articles. You can do this! As a member and trustee for Michigan's One Room School House Association, I enjoy sharing written and photographic research on the country schools with readers. The Canton Historical newsletter has published some of my one room schoolhouse articles with historic photos from primary resources. I have enjoyed seeing my work included in Romulus, MI. Historical Society newsletter, and some of my research is part of the archives there. As a paid freelance writer/journalist/photographer, my words and photographs reach a variety of audiences. As a book author I have marketed my books inside of Barnes and Noble, and the former Borders, and other establishments. As a writer I enjoy meeting readers in person when possible. **MATERIALS FEE of \$25 is payable to the instructor the first night of class.** Bring your notebook, pen, pencil, paper and learn about enhancing your writing opportunities! Taught by Award Winning Author/Photographer Cheryl Vatcher-Martin, M.A. Your book locally is one title available from this instructor.

### INTRO TO WRITING YOUR LIFE STORY

As a writer you'd like to delve into a slice of life vignette where you begin drafting a chapter or two as part of your life story. You have an inspirational story that you want to share with others. Your writing could uplift others! In my one book, "Cheryl's Musings; A Day In The Life of An Award Winning Poet & Photographer", I decided to focus on a year and a half of my writing story and write it up into journal entries. In it I focus on the writing process and writing on different topics inclusive of war poetry, competitive writing and penning poetry in general. This style is easier to grasp and gives small tidbits for the reader to ponder. I'd love to help you begin this writing journey and see where it takes you. You'll be writing during class, and given instruction on how to start a chapter in your life. All writers are welcome!!! Novice writers please join us. **A \$25 MATERIALS FEE is payable to the instructor on the night of class.** Her novels, non-fiction and poetry are available in class! Bring your notebook and pen/pencil to create your life story! Award winning Author/Poet Cheryl Vatcher Martin, M.A. teaches this course.
