

Franklin Middle School Science Packet # 1 8th Grade

**Mrs. O'Connor, Mrs. Krul,
and Ms. Bowens**

Dear parents and students,

We hope this packet finds you healthy and well. Attached are 5 "do now" graph warmups that we would have completed in class, 5 lessons/activities, a nature scavenger hunt, and a S.T.E.A.M. enrichment.

Please reach out to your teacher if you have any questions, need help with any portion of this packet, or just need to talk to someone. We are here for you during these tough times.

We miss you and we hope you are staying home and staying at least 6 feet away from people that do not live in your house. Use the attached scavenger hunt to make your time outside more fulfilling. But keep your distance from others, please!

In addition to the work attached, you can also access BrainPop videos to learn about lots of things--not just science! To access the videos, go to Brainpop.com and click the 3 lines at the top right of the screen. Click "Login". The username is FranklinHornets and the password is Hornets1. From there you can choose any subject and then choose something (or someone!) interesting. The videos are short and we should learn something new everyday!

We love and miss you! Reach out if you need something!

NATURE SENSORY SCAVENGER HUNT

I SEE...

- ☐ Something tall
- ☐ Something bright
- ☐ Something an animal eats
- ☐ Something dark
- ☐ Something beautiful
- ☐ Something in my favorite color

I HEAR...

- ☐ An animal sound
- ☐ A weather sound
- ☐ Something made by people
- ☐ Something loud
- ☐ Something quiet
- ☐ Something far away
- ☐ Something nearby

I SMELL...

- ☐ Something sweet
- ☐ Something stinky
- ☐ Something fruity
- ☐ Something floral
- ☐ Something that smells like food
- ☐ Something earthy

I FEEL...

- ☐ Something soft
- ☐ Something hard
- ☐ Something rough
- ☐ Something smooth
- ☐ Something squishy
- ☐ Something fuzzy
- ☐ Something strong enough to climb on
