Wayne-Westland Community Schools Virtual High School

WWCSD is pleased to offer a virtual educational experience to meet the needs of our students and families. Great Futures is a high-quality learning program with one-on-one teacher communication. This program allows for a flexible schedule built around the student. Our students create their own learning environment, in a place of their choosing, to learn and thrive.

Many students find themselves looking for a different way to stay within their high school, but complete their courses outside of the classroom. Great Futures students are still members of the student body and enjoy all the extra-curricular activities offered in Wayne-Westland Community Schools. From sports to dances and proms, students can enjoy the social aspects of school, while taking classes from home. Students also receive a WWCSD diploma and attend graduation with their assigned high school.

More information can be found at https://www.wwcsd.net/schools/high-schools/great-futures/ Space is very limited, so don’t miss out. Great Futures Online is open to all Wayne County residents.

Have the best of both worlds!
