

Psst... leave the leaves

Leave the Leaves

Leave the leaves is a message about what you can do in your own yard to help out endangered pollinators and other beneficial insects over the winter. It's so easy! You can help the good guys MORE this year by doing LESS work! Just leave the leaves right where they fall - especially in shrub and flower beds. A lot of beautiful and important living things spend their winter in and under the leaves. By letting them be, you can save the bees!

LEAVES ARE NOT LITTER

THEY 'RE FOOD AND SHELTER FOR
BUTTERFLIES, BEETLES, BEES, MOTHS, AND MORE.
